

3 IN 1 ULTIMATE CHALLENGE

*Dolphin Watching
Snorkelling
Satang Island*

This exciting cruise will bring you along the mangrove area to search for the dolphin. The common dolphin we may find will be the Irrawaddy dolphin and the bottle nose dolphin.

Right after the dolphin search, the cruise will bring us to a great spot of the coral, nearby the turtle island (Satang) for a Snorkeling session.

Take a lunch break at the Island after the snorkeling session before heading back to the resort.

*Time : 9am till 230pm
Inclusive of : Lunch and entrance fee to the turtle island (Satang)*

Mangrove Sunset Tour

**Kuching Wetland National Park
Proboscis Monkeys
Crocodile
Fire Flies**

A sunset view from the boat is something amazing.

A boat cruise along the wetland areas will start with searching for the special borneo habitat, the Proboscis Monkeys.

The cruise then proceed to the coastal area to search for another amazing animal, the Crocodile.

The dark along the way, never stop us from having a great view, and this will bring us for an amazing nature light and it is the fire flies.

Time : 5pm till 8pm
